Planner: Rudi Paul (STAG)/ Controller: Dave Robertson (CLYDE)/ Assistant Organiser: Klaas Wynne (CLYDE)

Location:

James McCune Smith Learning Hub – BACK ENTRANCE

University Avenue

Glasgow

G12 8QW

What 3 words: bulb.given.lived

Grid reference: NS567668

Parking & Transport:

We recommend parking in Lilybank Car Park; from which the arena will be taped and a 200m walk. This is on Great George Lane, G12 8SA. N.b. You need to purchase a ticket for 24hrs/day and for 1-2 hrs this is £6 (Ringo app or cash). Alternatively, there is significant nearby on-street parking, and parking at Kelvinbridge subway station. There is no parking on campus itself. We take no responsibility for any parking, or any parking tickets issued.

There is, however, a range of public transport options to the event. The nearest mainline train station is PARTICK, with frequent 6 minute trains to Glasgow city centre. The event is a 10 minute walk from

Hillhead subway station. Citylink buses stop by the Botanics as well as a large number of standard buses.

Map & Terrain:

Both the indoor map and the campus sprint map have been surveyed and produced by Rudi Paul; GOAT member, mapper and Cartography student, in 2023. A comprehensive risk assessment has been carried out for both sub-events, and available on request.

Indoor O : You MUST not leave the building(s) for the duration of the course. The course uses 2 buildings (James McCune Smith(JMS) & Boyd Orr) which are attached by 3 indoor bridges.

The contemporary £90 million JMS opened 2 years ago and is largely modern and open plan, with 3 main staircases. Please note, as mapped and stated on the map, the glassed-in silent study area on Level 5 is strictly OOB. Please also note, use of escalators OR lifts at any time is strictly prohibited. The building will be open to the public and students, but not expected to be at all busy.

The JMS Building is named after James McCune Smith – the first African American to be awarded a medical degree, from the University of Glasgow in 1837 – having been born into Slavery. McCune Smith went on to gain 3 qualifications and returned to Manhattan as a prominent figure in the New York Medical and black communities.

The Boyd Orr building , was the 2nd largest building in the UK at its time of construction, and is in contrast over 50 years old. This building is 10 floors, with a unique corridor layout on each floor. Again, use of the lifts are prohibited and note that the stairs into the basement are OOB.

Please act with awareness, courtesy and consideration of other users of the building when doing your course, some of whom may be studying or members of the general public. There will not be need on the courses to enter any individual class/lecture rooms. Please also take care running up/down staircases and around tight corners.

Sprint O :

The new 1:4000 ISSprOM2019 is a new GOAT/CLYDE map. (Short may be 1:3000) The courses will not go into Kelvingrove park or the wider west end area. Maps will be printed on waterproof paper A4. Construction site mapping was correct as of April 2023, and will be updated prior/close to the event.

It is your responsibility to be aware of symbols for uncrossable features, and sprint mapping symbols for fair play - and abide `rules` as such; such as hedges and fences, as well as vegetation mapped as OOB. Whilst the course is largely paved, it will take you onto steep and grassy areas in places. If wet, shoes with some grip is highly recommended. If wet, take care on all steps and steep paved areas, also.

([Maprunner-sprint-map-symbols.pdf](#)) – If unsure, or a newcomer, please introduce yourself at registration.

Please, again, respect other users of the area, but also look out for bikes and cars. The roads with traffic is very minimal with the majority of the course in pedestrian only University grounds & alleyways , but the Medium and Long courses cross 1 road (the main University Avenue) you may have to stop at once (hopefully not). Please obey marshal instructions and look as you cross. Courses

are planned to give a 100m stretch to cross within. The course is contained within the campus event so does not go onto Byres or Great Western Road, or Bank Street for those who know the area – Do not leave the campus area without reporting to download.

Course information:

PDF CONTROL DESCRIPTIONS WILL BE UPLOADED TO CLYDE AND SI ENTRIES WEBSITES – NO LOOSE BUT DESCRIPTIONS ON MAP.

No key on sprint map. Both may sole copyright GOAT/CLYDE. Note emergency contact no., event number and course closing times on all maps.

All courses suitable for novices, and experienced alike. N.b. For the M/L sprint competitors there is a spectator leg and for the S sprint competitors an `arena` finish.

Indoor: S/M/L. Expected L winning time 15 minutes. N.b. The L has significant climb, which is reduced in the M and again in the S. The S is the most `newcomer` friendly and accessible with route choice simpler. Scale approximately 1:850. SI, contactless activated. L 26 floors, M 16, S 10.

Outdoor: S/M/L. `Sprinty` courses on a scenic, fast and technical course around the scenic UoG campus. Expected L winning time 13 minutes – 3.5km optimal distance. Medium is 2-2.5km optimum distance and Short 1.5km. Note, the short must be selected for any non-shadowed U16s. SI, contactless activated. Contours 2.5m, 1:4000. ISSprOM 2019-2.

N.b. prizes are for combined results so to be eligible, please, select the same course (S/M/L) for both events.

Start times:

Start times are unallocated. Due to the short 2hr access window please arrive early ready to race. Course close time is strict for indoor and printed on the map. Starts will be staggered, and either indoor or outdoor done first.

6.00-7.20pm starts Indoor O.

6.00-8.10pm starts Outdoor O.

Registration and download

These will be at the back of the JMS/ Boyd ORR outside. This is close to Lilybank parking/Queen Margeret Union. SI fingers can be hire free of charge (if you don't know what this is, don't worry and you don't need to do anything!) . There is a £30 cost for any lost SI fingers.

SI Air dibbers can be hired for £1, cash or card payment on day. Email to reserve.

Minimal entries on the day, and **all enquiries here. Toilets available (but minimal, plan accordingly).**

There will be a cake sale in support of GOAT. **We cannot accept donations**, unless they are approved cakes by the SRC – email in advance if keen to donate a homemade cake for approval.

Key drop, and medical information forms will be available at registration. Bags can be left in the `arena` area at your own risk. **In case of any injuries, or issues please report to registration.**

Blank Indoor O maps will be available to view at registration prior to starting.

Social – Pub Quiz

Any enquiries to Kirsty Ryman or Clare

Stansfield.

Any additional safety information

Please note, that we cannot allow dogs on any of the courses. The organisers cannot be held responsible for participant`s safety once they have left the start. Participants must act with consideration, and integrity on the courses. Participants must look out for cars/minibuses and cyclists, avoid any confrontation with other area users, and look out for all possible obstructions/furniture/pillars/ people on the indoor courses. Act with awareness and courtesy to all other area users. Participants are responsible for not entering any private property or OOB areas marked as such on the map. Any injuries or incidents must be reported to the organiser immediately. U18s should be accompanied to the event by a suitable and responsible adult guardian, who is responsible for their welfare. Any runner who has not completed the course by the course close time will be deemed to have retired. All runners must report to registration/ download to inform of their return, after both events. If a participant does not do this within 30 minutes of course close time they will be deemed missing and searched for, in light of our safety polices and emergency procedures. It is the duty of the participants, in confidentiality, to inform the organiser/ registration of any medical conditions prior to starting – envelopes and forms for this. Any participants who are deemed by the organiser to be bringing GOAT/CLYDE or the event into disrepute can be barred from future events, or

refused to carry out their 2nd course without refund. Public liability insurance is covered under CLYDESIDE Orienteers' club affiliation with British Orienteering, as a CLYDESIDE Orienteers' event.

Course close time and emergency contact number will be clearly printed on all maps – all of which are printed on waterproof paper.

Any incidences can be directly reported to SOA or BOF by participants.

The organising team reserve the right to refuse the start of anyone for health and safety reasons, or change courses.

Dan Graves.

My thanks to...

Alastair Dunlop: Series Coordinator

Klaas Wynne : Obtaining permissions, SI and printing support among much other help.

Rudi Paul: Map cartography and surveying, and planning.

Kirsty Ryman/ Clare Stansfield/ Harry Butcher : Social Media & Advertising, SRC liaising, pub quiz, and volunteering on starts & registration for duration of event.

SRC, JMS Facilities and University Compliance Staff : Support & Permissions

Dave Robertson – Controlling

Wilsons – Sorting kit, and support.

Masterplan Adventure – Use of kit

SOA - Support
