Barshaw Park 16 June results

Thanks to everyone who came to Barshaw Park today and helped and/or took part in the Ultrasprint style orienteering race as part of Barshaw Park's Centenary celebration event. Unfortunately the persistent rain meant crowds were only around 20% of that predicted had the weather been sunny. However everyone seemed to enjoy the event with the maze providing an additional test of spatial awareness. Results have been calculated based on time with a 15 second penalty for any missed controls. Some pics from today's event are on the Clyde Facebook page.

Don't forget the next two events in our joint evening series with STAG are at Pollock Park on Thu 21 June and Rouken Glen Park on Thu 28 June.

Separate results tables included for each course and class so scroll down as you might appear in more than one:
